

BIOGRAPHY

BRIAN K. ACTON
PRESIDENT/CEO
BMW CONSTRUCTORS, INC.

EDUCATION:

Purdue University
B. S. Construction Engineering & Management (CEM) – 1984
CCL Leadership Development Program – 2007

Brian joined BMW Constructors, Inc. in 1985 after graduating from Purdue University. His first assignment as Assistant Project Manager was at Amoco Oil refinery in Whiting, Indiana, working out of the Lansing, Illinois office. Brian was promoted to Project Manager in 1990 and managed maintenance and construction accounts for Amoco, Mobil, Exxon, Quantum Chemical and other industrial clients in the Chicago and Northwest Indiana regions until 1998. In 1998 BMW purchased a construction company performing work in the microelectronics industry in Seattle, Washington. Brian relocated to the west coast and was promoted to President and General Manager of BMWC Constructors, Inc. While managing the Seattle office, he started an office in Portland, Oregon in 1992 to better serve the high-tech clients. In 2009 Brian returned to Indianapolis and was elected as Executive Vice President of BMW Constructors, Inc. In August, 2010, Brian was elected President and COO of BMW Constructors, Inc. and in February 2011, he was elected CEO.
